

COOLEST

HOTTEST

DEAL OF THE CENTURY

Dear friend,

Our manufacturer guesstimated how many air conditioners to produce this year. Since there is no way of knowing the weather and other factors that affect sales, these guys really want to kick-off the cooling season with a bang!

I saw this as a great opportunity and contracted for the purchase of 42 of these air conditioners at a bulk rate in the three most popular sizes. Plus, I bought 42 furnaces to match.

Because of the number I bought and the time of year, I got an unbelievable deal at rock-bottom prices. Don't get me wrong, these are brand new, top quality models. Not "seconds, scratch or dent, or even builder grade." They come with **FULL WARRANTIES-including 10 years parts and labor.**

I call this the "**Coolest and Hottest**" Deal of the Century. As part of the deal, I'll show you how much the air conditioner **WOULD** have cost and how much the furnace costs...and your savings when you purchase both with this offer! When 42 systems are sold it's OVER!!!

Sincerely,
Your Norstar Team
